Caesar Voldseth

2008toyotacrlla,

2009toyotacrlla, 34n19a, T3L3P4TH, Keith Beckham, JFM321, Nazi Mario 64, xbox, EMG4 and Nialls, is a exposed manipulator, CP artist, groomer zoophille, furry artist, SM64 Machinimist, semi-animator and ROBLOX game developer. He started making YouTube videos since he was 9 in 2019, creating animation videos, until May 2022 where he privated and unlisted most of his videos.[1][2] He started game developing at the same time he stopped animating, called "Experimental Space". During this time, his game and himself would receive little attention. While during this time, he was apart of an developers group called "Pufz United", which he was involved until October 26, 2023, in which he left after getting exposed as a zoophile and a gernal creep in a huge controversy[3] After Caesar left Pufz, he later became more active on his Twitter in November 2023, which has been inactive since 2020. During that month, Caesar became a furry and started to draw more furry art. He later made a new account named **2009toyotacrlla** to upload these artworks, but it got mass reported and suspended by virprkl in August 2024. He would later rebrand his old 2020 account and renamed it to **2008toyotacrlla**. Caesar is an huge Tyler, the Creator fan and most of his profile pictures online are either himself or his album covers. On January 2nd, 2025, 34n19 was exposed for being a zoophile and a future pedophile, and had shut down all of his social media accounts (except for YouTube and Discord) the next day, on January 4th. He would then be exposed for being an alt-right Neo-Nazi due to some Twitter posts, and had eventually shut down his Twitter account afterwards.

As his role in SM64 Machinima, prior to 2009toyotacrlla and his Twitter accounts, he was known as the infamous **JFM321**, or **Nialls**. In 2022 Caesar created Team Fire Flower, a *SM64* machinimist group and community. Originally named the SM64 Parody Squad, it was founded by JFM321, SuperGalaxy64, Broski76, and ss64 later on spitting up and was refounded by JFM321, ss64, and M64 now known as Team Fire Flower. The group is known as a group, right now soon to grow into a production group. After 2022, Team Fire Flower has merged with Team Mario Star. In 2023, he made another group called Shroomy Crusaders with Kaptain Kharisma, Muberk, Sda, and LeoHaha. The group declined and eventually ended when multiple people in the SM64 community criticized the lack of uploads, and the lack of Niall, the

groups leader helping with the uploads. Niall didn't listen, so half of Shroomy

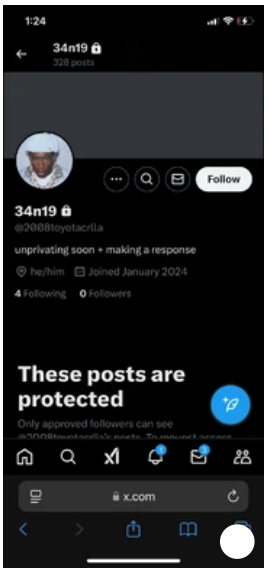
Crusader's members were gone. The demise came when Niall quit SM64 machinima in May 2023. In May-Nov 2021, he created and operated his accounts under the Nazi Mario 64 / Xbox name. creating NSFW artwork of other machinimists, usually under 13. This created a widespread backlash from other machinimists- many condemning his behavior. His most recent drama is today as his real name Caesar Voldseth- after getting exposed again and again for his disgusting behavior.

History

34n19 began his online career when he was just 9. On January 11, 2019, he uploaded his first video titled "How to Draw a dog". His channel name/username has changed a lot over the past few years. Caesar got into his first controversry made his first nsfw ship with the account called "*Jackson christie*" the first shipping art was named "*SBAB64 x SM99*" and was posted on May 17, 2021. **TheAwesomeBlackandBlue64** made a video about it called "*WTF is this???*" after the video got very popular. He was Racist to Black people as well, calling them the N word. After the first xbox channel was deleted, he made a new one. This new xbox channel is the most popular. In August tho, this is where he begin his nazi mario 64 channel. he was alot racist in this channel and one of his most known channel. After his last video "IM BACK" the NM64 channel became inactive. he made a discord account and youtube called EMG4. in his youtube account, he reupload videos. and in discord he is extremely hated. AD64 and gms64 both raided his server and exposed him for jerking his penis to a melon. emg4 also sends melony porn and claims he is 15. that is not true tho because he is 8. After the controversy, EMG4 returned back to xbox and made a new channel called "xbox xbox" the nazi mario 64 channel made a new video about "SUBSCRIBE TO MY NEW CHANNEL" which he linked his xbox xbox channel. AD64 and gms64 became very suspicious about this new channel. It had a motion ninja watermark (which is a editer emg4 uses) and he made a video about "emg4 x melony". (emg4 likes melony btw) After this emg4 became exposed for being xbox. greenmariostar64 posted 2 videos about emg4. one about the screenshots, and one about him being the true xbox. emg4 was exposed and devasted by this exposing video. xbox's account made the first shipping art called "*AJ Gamez x W98G*" After the first xbox account was terminated, a new one popped up. Xbox soon made the channel called "*Nazi Mario 64*" where he embraced Nazism and made more shipping arts, making racist terms. Caesar was accused of being another persons like **VGR, SIGY, and SMF64**. This was Supposedly VGR made his account called xbox, made some shipping art so thats why people accused him for being xbox. This theory was debunked later.

A comment from **PM64** stated that 34n19 was xbox. VGR took note of this and told his friends. This theory was Confiirmed later, as EMG4 got exposed for being xbox actually haves proof and evidence EMG4 being xbox. EMG4 made the account called "xbox xbox" where he did not post any NSFW. He actually copied shipping art from other machinimists. Somewhere in November, xbox returned. he made a discord server. and that one was filled with NSFW imagery. A lot of people raided the server as they were against the porn that was posted in the Discord server. Caesar Voldseth then raided the old fandom wiki on the offical SM64 machinima fandom in September 2021. He raided it 4 times and TrickyDM3 also got on the action, raiding pages of SuperG64, Windows98Gamer, SBAB64, and more

Caesar had lost a very active team at the time, with people who were very good and still are, and because he decided to approve of a video which wasn't great for one of the owners. Then he decided to make a team. Afterwards, they had something that would finally work but then Caesar messed everything up by being transphobic. The only person who actually was able to work with the team of people, and manage to get everyone into a decent level of bloopering (by teaching the beginners and providing feedback and tips to the people who knew stuff, so they'd improve), gone. And then he tried to do stuff, but he did nothing because he couldn't do anything because he couldn't manage a team. He couldn't manage his own channel either considering he had a team of people to do videos with him then, he said the N word, the hard R, which made even more people go. And he did it not once but twice. After apologizing the first time. And to make things worse, he drew NSFW of a 16 year olds Persona, which made even more people mad. Some wouldn't accept him back and even then he would use emotional manipulation, suicide baiting, and multiple threats of leaving SM64 to get his friends back. Only for them to be empty, most of the time. And even then- he used God and repenting for his sins as a way to not apologize to people. Properly. Because he knew he would repeat it again.



After reactivating, Caesar Voldseth lost all of this followers as a result. This is a common twitter bug. Here, he claims to "make a response soon".

On January 2nd, 2025, 34n19 was exposed for being a zoophile, groomer, and had shut down all of his social media accounts (except for YouTube and Discord) the next day, on January 4th. He would then be exposed for being an alt-right Neo-Nazi due to some Twitter posts, and had eventually shut down his Twitter account afterwards. He was exposed for being extremely abusive to his exes Kaptain Kharisma, x3waa, and purps, making nsfw artwork of them and sending them zoophillic porn. Generally, people on Twitter and in the Furry community as a whole dislikes Caesar as a whole, which is why he's mostly gone. On January 6, people swatted and sent pizzas to his house in Campbell, California as perperated by Pufz United. 34n19 later reactivated his 2008toyotacrlla account in February, having a mental breakdown and saying racist and homophobic things, posting revenge p#rn of his exes on R34, and more. 34n19 said this as a way to "get revenge on the community who destroyed me mentally", but everyone basically knows that's just an excuse to say horrific things, as Caesar Voldseth got exposed for this in the past.

Caesar Voldseth saying he wants to "smash" Kaptain Kharisma, and saying "rape fetishes isnt that bad"

Effect on *Super Mario 64* Machinima

As a result of his actions, he has became infamous on both Twitter and the SM64 Community, doing absloutely horrible things in the process. He has become extremely hated as a result, getting kicked out in every single

community he attempts to invade in. He has been described as a "horrible person" and "Roobi 2.0", a similar furry and machinimist doing the same thing Caesar did.
